TPM Implementation Guidebook

AC	TIC	ON PLAN							
1.	Of the TPM subcomponents discussed in this chapter, which one would you like to work on?								
	☐ C.1 Data Quality			C.2 Data Accessibility	☐ C.3 Data Standardization and		ndardization and		
		C.4 Data Collection	on Efficiency		C.5 Data Governance		Integration		
2.	W	hat aspect of the T	PM process listed	abo	ove do you want to chan	ge?			
3.	3 What "steps" discussed in this chapter do you think could halp you address the shallongs noted shous?								
٥.	Data Standardization Data Collection								
		Data Quality	Data Accessibili	ty	and Integration	Effici	iency ^I	Data Governance	
	_	☐ Establish data quality metrics requirements ☐ Create data for different		☐ Assess data agains standards and		☐ Identify opportunities		Define roles and accountability	
					requirements	for data		Implement	
		validation rules Develop quality	audiences ☐ Enhance data		☐ Create and	collab	oration	governance	
		management	access method	ds	implement a data integration plan			structures and policies	
		processes	and tools		<u> </u>			•	
4.	To implement the "step" identified above, what actions are necessary, who will lead the effort, and what								
				ove,	what actions are necess	ary, who w	vill lead the ef	ffort, and what
